New Business:

Pat Killen attended the last meeting of the Keuka Park Residents Association and was made aware of several issues. The County Highway Department, the State Department of Transportation and the Sheriff's Department have all been asked by the Town to look into parking and speed limits in Keuka Park. Although the current posted speed limit is 30mph, it was thought to be 35mph. The Department of Transportation will determine if it should be lower and if there should be more speed limit signs. All 3 of the agencies should be working together to address this situation.

From the County's point of view there have been a lot of issues that have been going to the

Sheriff's Department such as traffic, speeding and parking not only in Jerusalem but other towns within the county. The Sheriff's Department is becoming aware of these and other issues and is trying to address them. Chairman Cutler asked that the Sheriff be notified if additional problems need to be addressed.

Wheeler commented that some of the issues have been going on for years.

Old Business: None

Committee Reports:

- A. Agriculture Advisory Committee (D. Gridley – Chair) No Report
- B. Branchport Hamlet (J. Gruschow – Chair) No Report
- C. Solar Advisory Committee (T. Cutler, Chair) The Solar Zoning has gone to the Town Attorney; it may be ready before the next Town Meeting. Gridley and Pinneo are concerned about issuing some permits but not others. Cutler responded that the only outstanding application he is aware of is Stever Hill and they have been made aware that the prospective code is almost complete and it will not prevent what they are requesting. As soon as the code is approved by the Town Lawyer the public hearing will be scheduled.
- D. Comprehensive Plan Review Committee (E. Pinneo) Something will need to be done soon since the 10 year mark just passed.
- E. Town Board Liaison (P. Anderson/G. Dinehart) No Report

Announcements: Anyone planning on attending the workshops to be held in Batavia, NY can still register at the lower rate through next Monday.

Adjournment:

At 7:23pm Wheeler made a motion to adjourn the meeting, seconded by Pinneo. All were in favor.

Respectfully Submitted,
Janet Micnerski/Recording Secretary
